Email us for more information and to register. Payment info located on next page.

All you need is a pair of running shoes & enthusiasm. The CKRC provides the kart, helmet, race suit, rib vest, gloves & instruction.

You will spend the 1st hour in the classroom learning about karts, the track, driving technique and the flags used on the track. You will then be on track for 3 ten-minute sessions.

The 1st two sessions will have you learning the lines behind a lead/follow driver. If you have mastered the skills necessary, you will be let loose for the 3rd session, allowing you to explore your driving talents.

Although 10 minutes in a kart doesn't sound like much, your body will tell you otherwise!

Try A Kart Program

Do you dream about racing, but don't know where to start?

The Calgary Kart Racing Club's Try A Kart program will introduce & expose you to karting at minimal cost, putting you in a race seat, and letting you drive a proper race kart.

If you are curious to find out what a true race vehicle feels like to drive on a world-class track, this provides the opportunity to try it, whether you are 5 or 75 years of age.

If you are curious about karting, or want to start chasing your Formula 1 dream, this is the perfect place to start.

Please book well in advance, as these sessions sell out months in advance. Allow 3 hours to complete your session.

How to get to our Track

The Calgary Kart Racing Club's Strathmore Motorsports Park is located approximately 1.5 km east of George Freeman Trail (the most eastern set of stop lights), and approximately 1.0 km south of Hwy #1 on Range Road 250. Range Road 250 is at the top of the hill as you leave Strathmore, and is easy to miss.

Please be courteous to our neighbors and do not exceed 30 km/hr on Range Road 250. Park near the white Atco building, but ensure there is an open lane for the club ambulance. Proceed to the blue shack to complete registration 15 minutes before your session is to begin.
